

THE BEST BOND

AWL HAS SUCCESSFULLY BUILT A BRAND THAT IS RECOGNISED FOR QUALITY AND SERVICES IN OVER 40 COUNTRIES TODAY

Ador Welding Limited (AWL) is India's leader in the field of welding products - welding consumables (electrodes, wires & fluxes), welding and cutting equipment, technologies and services - since 1951. AWL is the flagship company of the ₹ 600 crore Ador Group. The group has business interests in engineering products and services, industrial and consumer products, industrial investments and projects in enviro engineering and furnaces and welding automation.

AWL has successfully built a brand that is recognised for quality and services in over 40 countries today. With four manufacturing plants, a comprehensive distribution network of authorised distributors to cater the requirements of each industry.

Ador Institute of Welding Technology (AIWT) is a showcase of welding knowledge, applications expertise and proven formula to prove efficiency, upgrade quality and control cost without compromise. AIWT has the latest facilities and equipment for lecture-based as well as hands on training. It continues to provide the highest level of customer satisfaction.

Welding Automation Products (WAPS) will lead to dramatic gains in precision, quality, speed, productivity and economy. In order to provide the most suitable solution, WAPS Engineers will build systems, based on the data collected from your shopfloor.

- Columns and Booms
- Welding Rotators
- Welding Positioners

The project engineering division is also gaining strong repute in providing world class environmental engineering products and welding automation systems, achieving U, R and NB certificates and stamps from ASME and National Board of Boilers and Inspectors of USA.
