

## HF 3000/HF 3000 AD

### DC & AC/DC TIG CONTROL UNIT

#### SCOPE AND APPLICATIONS:

- Latest technology, compact, high frequency unit for DC and AC/DC TIG welding.
- Compact, efficient water cooling unit for higher current in TIG welding.

#### SALIENT FEATURES:

- Light Weight, Compact and Portable for greater flexibility in operation.
- Suitable for TIG Welding application with SMAW Power Source of any make.
- Gas Preflow / Postflow facility.
- Gas flow through solenoid valve for Economical consumption of costly Argon gas.
