

SAW

# MAESTRO 600T(F)/800T(F)/1000T(F)/1200T(F)

## THYRISTOR BASED

### SALIENT FEATURES:

- Perfectly matched power sources and welding heads.
- Choice of Boom mounted or Tractor mounted models with Thyristorised Power Source.
- Boom mounted head comes with a choice of manual, semi- motorised and fully motorised cross slides.
- Programmed sequential operations of Power source, Wire Feed and Carriage through built-in solid state circuitry.
- Twin Wire attachment is optionally available - helps to achieve 20-30% higher weld deposition rates.
- Fillet welding attachment (optional) - enhances usability and shopfloor productivity.
