

RETROFIT HEAD WH 15 (F)

RETROFIT OF SAW WELDING HEAD MODEL-WH 15 (F) WITH CPR 1204 / CPR 1205 POWER SOURCES FROM OLD ADORSUBARC SERIES OUTFITS

APPLICATIONS

- This retrofit box is recommended for interphasing standard SAW welding head WH 15 (F), with AWL make old SAW power source CPR-1204/CPR-1205 and PS 1200(T) available with customer
- This is the ideal solution for replacing old SAW head model UP 15CP with new SAW welding head WH 15 (F)

SALIENT FEATURES

- Economical solution for using old SAW welding power sources available with customer, which otherwise are not useful, since old SAW welding head is beyond repairs
- Saves cost of SAW power source since new power source is not required
