This provision intends to give an option to persons who may be perpetually in possession of unpublished price sensitive information and enabling them to trade in securities in a compliant manner. This provision would enable the formulation of a trading plan by an insider to enable him to plan for trades to be executed in future. By doing so, the possession of unpublished price sensitive information when a trade under a trading plan is actually executed would not prohibit the execution of such trades that he had pre-decided even before the unpublished price sensitive information came into being.

➤ Trading Plan shall:

- not entail commencement of trading earlier than six months from the public disclosure of the plan;
- not entail trading for the period between the twentieth trading day prior to the last day of any financial period for which results are required to be announced by the issuer of the securities and the second trading day after the disclosure of such financial results;

Further, the Insider shall also not be allowed to deal in securities of the Company, if the date of trading in securities of the Company, as per the approved Trading Plan, coincides with the date of closure of Trading Window announced by the Compliance Officer.
